Instructions for Completing the 2016-17 International Student Financial Aid Application

The International Student Financial Aid Application is designed to gather information from international students who are applying for financial aid at colleges and universities in the United States. When completing the application, it is important to:

- Answer all questions that apply to you and your family.
- Convert all currency figures to U.S. dollars (\$) before entering them on the form.
- Return the form directly to the college that provided or requested it. Do not send it to the College Board.

Some of the questions on the International Student Financial Aid Application are selfexplanatory; the instructions that follow are only provided for questions that may need further explanation.

Section A-Student's Information

If the student's biological or adoptive parents are divorced or separated, the custodial parent(s) are the parent or parents with whom the student has lived the most during the 12 months prior to filling the application. If the custodial parent has remarried, "parents" includes the student's biological/adoptive parent and stepparent.
